Goals

Students will achieve their full potential through a system that is responsive to the academic, social and emotional needs of the student.

All students will make at least one year's progress in reading and mathematics by the end of school year. a) Meet the progress monitoring targets in Prekindergarten - 3rd for each demographic group as measured by district approved screeners (BOY, MOY and EOY) to achieve the HB3 Board Goals. b) Improve performance in Domain 3 Closing the Gaps by making more than a year's growth in reading and mathematics which would in turn increase the number of students performing at the "meets" and "masters" level as measured by the spring 2025 STAAR and EOC assessments. This will also increase Domain 1 Student Achievement which counts the number of students at the various performance levels for state assessments.
